With three Master degrees in Nutrition Education, human nutrition and public health, and a pending Doctoral degree in Nutrition Education, Ms Bai is lined with extraordinarily impressive credentials in human nutrition education. She started her nutrition career in 1977 and had nearly 30 years of training, research and clinical experience in this field. She has authored and published 5 books, 2 in Chinese and 3 printed with both English and Chinese Editions. She also published many technical and educational articles on journals and had numerous interviews by TV and newspapers. She was invited as an expert guest speaker for many occasions. She was also an expert columnist for Chinese Information Magazine.
(\$5 registration fee is waved for new comer!)
